

Motor Vehicle Entry Fee Policy

Section 1 - Principles

User Pays

(1) The provision of private motor vehicle parking on the Callaghan Campus and the Conservatorium of Music, Newcastle is subject to a user pays principle.

Equity

(2) Staff and students use car parking facilities at different rates, given that staff generally attend the campus for 47 weeks of the year and students for 34 weeks.

(3) The level of fees imposed reflect this variation.

(4) Reserved parking spaces attract a higher fee than general parking.

Development of Parking Facilities

(5) Funds generated by the collection of fees will generally be used to contribute to the cost of parking facilities, including management and administration, maintenance of existing facilities, development of new facilities and as opportunities present, under building parking.

(6) It is desirable that the area devoted to ground level parking facilities be reduced over time by the substitution of low rise multi level parking facilities.

Access

(7) The University campuses are open to general public access. It is not intended to restrict access to the campus by such devices as boundary fences, gates, or other physical barriers on main access roads.

(8) Vehicle entry fees apply Monday to Friday between the hours 8.00am and 5.30pm.

Reserved Parking

(9) Reserved parking arrangements will be provided for:

- a. Senior staff who elect to sacrifice salary in favour of a University motor vehicle or who are allocated 'position' vehicles, in which case it is expected that reserved parking will be elected to reflect the fact that University vehicles must be available for general business use when not otherwise in use;
- b. Heads of Academic Department and equivalent, subject to justification.

The University actively supports initiatives to enhance the viability of alternatives and in particular is committed to the provision of convenient public transport infrastructure on the Callaghan Campus.
