This Schedule provides the detailed principles and criteria that underpin the self-accreditation process for each Masters Degree (Research) award that may be delivered and conferred by the University of Newcastle.

(2) This Schedule supports the implementation of the [Higher Degree by Research Policy](#). The Rules describe each type of higher degree by research qualification offered by the University and provide descriptions of authorisations for program management.

These recommendations will be considered for approval by the Program and Course Approval Committee in accordance with the delegations held by that Committee.

(9) Through this transition process the Assistant Dean (Education) will be responsible to the Program and Course Approval Committee for ensuring that continuing higher degree by research candidates will not be disadvantaged by a program revision or discontinuation and:

- a. appropriate teach-out or alternative arrangements have been made for current candidates; and
- b. consideration is given to international applicants in accordance with the [ESOS](#) legislation.

(10) The Pro Vice-Chancellor Student Experience and Academic Registrar together with the Assistant Dean (Education) and the relevant Program Convenors will be responsible for ensuring that candidates and staff are notified of any relevant program changes. This notification may include recent graduates who may seek to upgrade their programs for [AQF](#) compliance.

(11) Programs offering admission to candidates in 2015 will need to operate under an [AQF](#) compliant schedule no later than June 2014 to ensure AQF compliance from 2015.
