

# International Students Release Procedure

## Section 1 - Executive Summary

(1) In accordance with [Education Services for Overseas Students Act 2000](#) (ESOS) and the [National Code of Practice for Providers of Education and Training to Overseas Students 2018](#), the University of Newcastle, Australia (University) is required to assess applications from international students on a student visa who are seeking to transfer to another Registered Provider prior to completing six calendar months of their principal program enrolment. The application is referred to as an Application for Release (Application/s).

## Section 2 - Purpose

(2) This procedure:

- a. establishes the requirements for Applications;
- b. provides a process for assessment of Applications, in accordance with the requirements of the [Education Services for Overseas Students Act 2000](#) (ESOS) and the [National Code of Practice for Providers of Education and Training to Overseas Students 2018](#); and
- c. outlines the circumstances in which the University will or will not approve an Application.

## Section 3 - Scope

(3) This Procedure applies to international students studying on a student visa who wish to transfer to another education provider and, at the date of their Application, have not completed six calendar months of their principal program at the University. The six calendar months commence on the first day of the principal program listed as the commencing date on the Confirmation of Enrolment (CoE).

(4) This Procedure does not apply to international students who have completed more than six calendar months of their principal program as they do not require a release to transfer between Registered Education Providers. The international student may seek assistance from [International Student Support](#) for course withdrawal and/or termination of enrolment.

## Section 4 - Applying for Release

(5) An international student applying for release must remain enrolled in their current program of study and remain compliant with Australian Government regulation and University policy until advice is received to confirm approval of their Application.

(6) To apply for a release, an international student must submit a complete Application for Release to International Admissions and Compliance and:

- a. have a valid unconditional offer of admission from another institution; or
- b. have a valid conditional offer of admission from another institution that is conditional only on the provision of

release from the University of Newcastle, Australia; and

- c. submit any relevant supporting documentation.

(7) Where the international student is under 18 years of age their parent or legal guardian must provide written consent for the transfer.

(8) Where the international student is under 18 years of age and is not being cared for in Australia by a parent or suitable nominated relative, supporting documentation must also include written confirmation that the receiving registered provider accepts responsibility for approving the international student's accommodation, support and general welfare arrangements.

(9) Where the international student has a government sponsor, supporting documentation that indicates the sponsor's support for the transfer must be obtained and provided.

(10) Supporting documentation must be either certified or be coloured copies of the original document. Where original documents are in a foreign language, official translations must be provided along with the document in its original language.

## **Section 5 - Application Assessment**

(11) The University will only assess Applications that are complete and that have all relevant supporting documentation attached.
