Students must meet the requirements for each individual program. For the purposes of this document, an existing combined program shall be considered as one program.

Application

(140) Applicants for concurrent enrolment will only be considered when the required application is submitted at least two weeks prior to the commencement of the secondary program. Concurrent application details will be published on the University of Newcastle website.

Admission requirements for concurrent enrolment

(141) A student may only apply for concurrent enrolment upon meeting the following requirements:

- a. the successful completion of 75% of an undergraduate program in which they are currently enrolled; or
- b. the successful completion of 50% of a postgraduate coursework program in which they are currently enrolled;
or
- c. where a student has received credit for up to 50% of their current undergraduate program upon admission, regardless if the credit is provided from internal transfer or from an external institution, a Grade Point Average of at least 5 (Credit Average) must be obtained for at least 60 units of courses in their current program; or
- d. where a student has received credit for up to 25% of their current postgraduate coursework program upon admission, regardless if the credit is provided from internal transfer or from an external institution, a Grade Point Average of at least 5 (Credit Average) must be obtained in a further 25% of courses in their current program.

(142) Each student must also meet the minimum academic requirements for admission to the secondary program.

Note: Faculties can determine any further academic requirements to be met in considering an application for concurrent enrolment.

Ineligibility for Concurrent enrolment

(143) A concurrent enrolment application will not be approved where a student has received the following credit upon admission, regardless if the credit is provided from an internal transfer or from an external institution:

- b. more than 25% for a postgraduate coursework program (excluding credit awarded for completion of a nested

program, or RPL through an approved admission pathway).

(145) Compatible programs are programs that do not:

- a. share a significant overlap; or
- b. have majors or specialisations in common – students may be permitted to enrol concurrently but must complete two distinct majors within each program; or
- c. already exist as a combined program.

(146) Examples of incompatible programs include but are not limited to:

- a. Bachelor of Science and Bachelor of Environmental Science and Management;
- b. Bachelor of Psychology (Honours) and the Psychology Studies major within the Bachelor of Science or Bachelor of Arts or Bachelor of Social Science

(150) The relevant Faculty Pro Vice-Chancellors may set minimum unit requirements for concurrent program enrolment combinations not already listed in clause 147.

International Students

(151) International Students may apply for concurrent enrolment provided that concurrent enrolment in two programs is permitted under the conditions of the Visa they hold that entitles them to study in Australia. Students must complete their studies within the specified duration of their principle program. Concurrent enrolment for International

Students cannot be guaranteed.

(152) If Visa conditions allow for concurrent enrolment, International Students must meet the requirements under clauses 139 through to 146 inclusive and 149 and 150.

Relaxation Provision for Concurrent Enrolment

(153) Relaxation of clauses 139 through to 150 inclusive will be permitted in exceptional circumstances upon application by the student, where:

- a. both programs are managed by one Faculty, upon consideration by the Faculty Pro Vice-Chancellor which manages the programs,
- b. two or more Faculties manage both programs, upon the consideration and unanimous decision of each Faculty Pro Vice-Chancellor that co-manages the programs.

Section 17 - Non-Award Enrolment

(154) Non-award enrolment will be subject to the payment of prescribed fees and charges and will be offered in accordance with provisions determined by Academic Senate from time to time.

(155) Fee-HELP or OS-HELP will not be available to students who enrol on a non-award basis.

Undergraduate Non-Award Enrolment

(156) Non-award enrolment in an undergraduate course approved for non-award study will be available to eligible applicants provided the course has places available as determined by the Head of School in which the course is offered.

(157) Provision will be made for applicants currently enrolled in a partially completed University of Newcastle undergraduate program to be evaluated individually for non-award study. Authority to approve such an application will rest with the Program Convenor for the program in which the applicant is enrolled and the Head of School in which the course is offered.

(158) Applicants will be considered for admission to a non-award course on the basis of meeting the general requirements in one of the following categories:

(161) Applicants must lodge the necessary application form and supporting documentation to the Admissions Unit at least two weeks prior to the commencement of that term.

(163) Applicants will be notified in writing of the outcomes of their application(s) by Admissions, Student Central.

Postgraduate Non-Award Enrolment

(164) Non-award enrolment in a postgraduate course approved for non-award study will be available to eligible applicants provided the course has places available as determined by the Head of School in which the course is offered.

(175) Students present a portfolio or CV representing their learning and interests outside school, and any relevant work experience such as their School to Work log book. Sample interview questions might include:

- a. Why they are interested in this course;
- b. What career expectations do they have; and
- c. How will the student manage the extra time this course requires and maintain the high standards for the School Certificate or the Higher School Certificate.

(176) The coordinating high school notifies individual students of the outcome of their Expression of Interest and, if selected, of class details.

(177) Students complete the University's "non-award program application form" provided by their lecturer at their first class. This form enables the University to set up the systems that will support access to e-learning technologies and libraries.

(178) There are no age restrictions for enrolment but students must display a suitable level of maturity and commitment. There is a fee charged for studies undertaken as part of this Program in accordance with the Memorandum of Agreement between the University of Newcastle and the NSW Department of Education.

(179) Note: Students participating in the [High Performing Students Program](#) (formerly titled: Gifted and Talented Program) cannot use the courses they complete as an admissions pathway to the University of Newcastle. However, they may be eligible for credit once admitted to a University Bachelor's program.

(180) Students will be permitted to enrol in a maximum of 20 units per term, except the summer term where the maximum is 10 units without the permission of the Deputy Vice-Chancellor (Academic).

Courses Offered

(181) Faculty Pro Vice-Chancellors will be responsible for notifying Student Central of the maximum number of non-award enrolments permitted in an individual course, if any, and to notify Student Central of courses where no non-award enrolment will be permitted. Any approved prerequisites must be observed unless otherwise approved by the Faculty Pro Vice-Chancellor.

(182) It is the applicant's responsibility to ensure that they have met the assumed knowledge requirements and the prerequisites for the course/s they wish to study.

(183) It is the Student's responsibility to ensure that they comply with the by-laws, rules and policies of the University of Newcastle as well as the terms and conditions of admission and enrolment and payment of required fees and charges. Failure to do so may result in the Student's enrolment at the University of Newcastle being cancelled.

Credit Provisions

(184) Studies undertaken as non-award may be the basis of an application for credit should the non-award student enrol in a University program leading to an award.

Section 18 - Deferral of Admission to a Coursework Award

(185) An applicant offered admission to a program may be permitted to defer the offer of admission prior to census date of the term of study for which the offer was made according to the Rules relevant to the award or any other provisions approved by the Academic Senate from time to time.

Eligibility

(186) Applicants offered admission to a program, may be eligible to defer their admission for a period of one calendar year, unless the program is listed in Clause 186(a) or 187 Excluded Programs.

- b. International students seeking deferral of admission must apply through International Admissions Management.

(190) Deferments will not be approved for programs in teach-out.

(191) A formal notice of the outcome will be provided. If the deferment is approved, the notice will indicate that the offer of admission will guarantee a place in the program in which the original offer was made on the expiry of the period of deferment. This guarantee is subject to the program being available for admission in the year in which the applicant seeks admission with the same admission requirements.

(192) Further enrolment advice will be provided at the same time as continuing students are advised of re-enrolment procedures.

(193) The offer of admission may lapse if the person has not enrolled by the stated closing date for enrolment for the term in which the student has been advised to enrol.

(194) Offers of admission and deferment of the offer are program/campus specific and are not transferable.

(195) In exceptional circumstances a second year of deferment may be granted upon application. Such applications will only be considered where the applicant can provide documentary evidence of exceptional circumstances which prevent the student from being able to commence in the term in which the student has been advised to enrol.

(204) International students wishing to transfer campus must submit the relevant transfer forms to International Admissions Management in UON Global.

Section 20 - Leave of Absence

(205) A Leave of Absence provides a means for students to take an approved leave of absence from a program without being required to go through the re-admission process upon return to the University. Students who are approved for a leave of absence will be allowed to enrol in courses during the re-enrolment period for the next term upon their return from their approved leave of absence period. Program and course offerings of the University are under continual review. Students applying for Leave of Absence should take into consideration that a program from which they take leave may be revised or discontinued, or may cease to be accredited, during their period of absence. In these circumstances, every attempt will be made to provide the original program. However, where this is not possible, the University reserves the right to offer the student a place in an equivalent or near-equivalent program instead of the place in the specific program from which leave was taken.

Leave of Absence for Domestic and Offshore Coursework Students

(206) A student may be eligible for a leave of absence for up to one academic year provided that they:

- a. have completed a minimum of ten units of study, or are enrolled beyond census date in their first term of study;

- e. are not currently suspended, on enforced leave, excluded, cancelled or serving an expulsion from a program, Faculty or the University of Newcastle itself, as the suspension, enforced leave, exclusion, expulsion or cancellation will override leave of absence.

(207) Students who wish to go on leave of absence are expected to consult with Student Central prior to the relevant census date, or for students enrolled in a placement course, the relevant prescribed date and will then need to notify the University in writing or through myHub seeking permission to take a leave of absence.

(208) Students will be permitted to re-enrol in their program following one academic year of leave of absence. Students seeking to return to study prior to the end of one academic year must notify Student Central.

(209) With permission of the relevant Program Convenor, students may be permitted to take any additional leave of absence from the program for up to one academic year unless they are enrolled in a program listed in clause 211.

- a. Students seeking an additional leave of absence are required to submit an application for leave of absence in these programs including any supporting documentation prior to the census date for the term of study in which they wish to begin their period of leave of absence.

(210) Failure to re-enrol as directed following a leave of absence will result in the students enrolment in the program being cancelled. Students will be required to re-apply for admission to the same or alternative program through UAC or other relevant admissions process should they wish to continue.

Excluded Programs

(211) The following programs cannot guarantee a leave of absence due to progression requirements or accreditation restrictions or discontinuation (in teach-out) of the program:

(213) The relevant Program Convenor or, in the case of the Bachelor of Medical Science/Doctor of Medicine (Joint Medical Program), the Dean of Medicine, will be responsible for assessing and approving applications for leave of absence for programs listed under Clause 211.

Leave of Absence for International On-Shore Students

- b. have demonstrated compassionate or compelling circumstances;
- c. are in adherence with the maximum time for completion as outlined in the [Maximum Time Completion of Programs Schedule](#) for their program;
- d. are not enrolled in a program listed in Clause 211 unless the leave of absence is endorsed by the relevant Program Convenor; and
- e. are not currently suspended, on enforced leave, excluded, cancelled or serving an expulsion from a program, Faculty or the University of Newcastle itself, as the suspension, enforced leave, exclusion, expulsion or cancellation will override leave of absence.

(215) Students who wish to go on leave of absence are expected to consult with Student Central prior to the relevant census date, or for students enrolled in a placement course, the relevant prescribed date and then:

- a. For Callaghan and Ourimbah campus applications for leave of absence must be lodged with the Student Advice team for assessment.
- b. For students based at UON Sydney applications for leave of absence must be lodged with the International Student Engagement team.

(216) The Student Advice team or International Student Engagement Sydney will liaise with appropriate University staff (for example Program Advisors or Program Convenors for students enrolled in programs listed in clause 211) regarding impact on the student's program of study. The student will be advised of possible implications such as program/course availability.

(217) Each application will be assessed on a case by case basis and will take into account the statement provided by the student, supporting evidence, academic transcript and advice from other University staff (where applicable).

(218) Acceptable circumstances which the University may class as compassionate and/or compelling grounds are:

- a. Illness that prevents the student from participating in class – supported by a medical certificate (compassionate);
- b. Psychological issues – supported by documentation from a medical practitioner/counsellor (compassionate);
- c. Death or injury of a close family member or friend – supported by appropriate documentation, which may include, funeral notice, death certificate, medical certificate, evidence of relationship with deceased (compassionate);

(219) For approved applications, the Student Advice team or International Student Engagement Sydney will process the leave of absence and record the absence in PRISMS. The student will be advised in writing by email to their student mail account that leave of absence has been approved. Where necessary the student will also be advised to contact the Program Advisor or Student Advice team prior to return for an updated electronic Confirmation of Enrolment (eCoE).

(220) The Australian Commonwealth government may, in accordance with [ESOS](#) Legislation, allow students granted leave of absence by the University to remain in Australia for part of the duration. Cases will be assessed by the relevant government department on an individual basis.

(221) Students (on a Student Visa) who have been granted a leave of absence for compassionate or compelling circumstances or who have been placed on an Intervention Strategy and wish to increase the number of work hours up to full time during the leave of absence, are responsible for contacting the relevant Commonwealth government department responsible for immigration to ensure they are not in breach of their visa conditions.

(222) Students must advise their Program Advisor of their return from leave of absence discuss their enrolment plan.

(224) The Student Advice team or International Student Engagement Sydney will advise the student in writing that the application has been denied and liaise with the student to facilitate support where applicable. The student also has a right to appeal the decision in accordance with the University's [Complaint and Grievance Policy](#).

(225) Any enrolment suspension, exclusion or cancellation will override approval of a period of leave.

Duration of Leave

(226) The Student Advice team or International Student Engagement Sydney will assess student's leave requests for a period of up to six months. Leave requests for longer than six months will be considered and the individual circumstances of the student will be assessed. The student is responsible for liaison with relevant Commonwealth government department regarding the implications on the student visa.

(227) If a student does not meet required compassionate or compelling circumstances the University may grant a leave of absence that will require the student to discontinue their student visa and reapply for a student visa at the conclusion of the leave of absence.

(228) The University may grant up to 12 months leave for undergraduate students, with a possible second year of leave available (with approval from the relevant Program Convenor) for some programs subject to Faculty requirements, the maximum time for obtaining the relevant award, the student's academic record and the provision of section 20 of this manual.

(229) It is the student's responsibility to contact the relevant Commonwealth government department responsible for immigration for visa related information.

(230) Any extensions to a leave of absence must be reassessed by a Student Advisor or International Student Engagement Sydney in consultation with relevant University staff to ensure there are no course or program progression issues. This will enable the student to know if they will have enrolment problems due to course availability. This may require student to extend their student visa due to course availability.

(231) It is the students responsibility to contact relevant the Program Advisor before they return to study to arrange for a CoE extension (if required) and advice on enrolment.
