

# Academic Promotion Procedure

## Section 1 - Introduction

(1) This procedure supports the implementation of the University of Newcastle's (University) [Academic Promotion Policy](#) and must be read in conjunction with that document.

## Section 2 - General Procedural Principles

### Timing

(2) A promotion round for eligible candidates will take place annually, with all four (4) promotion levels conducted concurrently.

(3) Where a promotions round is completed prior to 30 June, promotion will be effective from 1 July of that year. Where a promotions round is completed between 1 July and 31 December, promotion will be effective from 1 January of the following year.

(4) At the discretion of the Deputy Vice-Chancellor (Academic), an application may, in exceptional circumstances, be considered at any time. Such a decision must be consistent with the principles of the [Academic Planning and Performance Procedure](#), [Academic Promotion Policy](#) and this Procedure (see section 12).

(5) The Chief People and Culture Officer will be responsible for submitting proposed timeframes for academic promotion each year to the Deputy Vice-Chancellor (Academic) for consideration and approval.

(6) Once approved, the full schedule of dates including information sessions will be announced and communicated on the University's website.

### Eligibility

(7) All full-time or part-time academic staff with continuing, or consecutive fixed-term appointments of no less than three (3) years, including eligible honorary academic appointees (in accordance with the [Honorary Academic Titles and Visiting Appointments Policy](#)) will be eligible to apply for promotion to the next level.

(8) Academic staff who are eligible to apply for academic promotion must have participated in the annual planning and performance processes (see [Academic Planning and Performance Procedure](#)).

(9) In all cases the candidate's current level on the salary scale will be irrelevant.

(10) Candidates for promotion are generally required to hold the award of PhD (or equivalent) to be considered for promotion to Level B academic and above.

(11) In exceptional circumstances a Pro Vice-Chancellor (or equivalent within a Division or other Academic area) may present a case to the Deputy Vice-Chancellor (Academic) for submission to and determination by the Vice-Chancellor where the candidate's industry, experience or qualification provides a compelling case for exemption from the requirements of Clause 12.

## Minimum Period of Service Following Appointment, Promotion or Unsuccessful applications

(12) Candidates for promotion must have completed two (2) years of service since their appointment at the University of Newcastle, or the date of their most recent promotion at the University of Newcastle, before they become eligible to apply for promotion.

(13) Candidates must have completed probation prior to submitting an application.

(14) Unsuccessful candidates for promotion will be required to wait two (2) years from their last application submission before submitting a further application.

(15) Intending candidates who have not met the minimum period of service requirement or the two year wait rule may make a written submission to the Head of School and the Pro Vice-Chancellor (or equivalent within a Division or other Academic area) requesting an exemption.

(16) If the Pro Vice-Chancellor (or equivalent within a Division or other Academic area) is satisfied there are compelling reasons to support the case for an exemption, the Pro Vice-Chancellor will forward the candidate's request, and a written recommendation for the application to proceed, to the Deputy Vice-Chancellor (Academic) for determination.

## Criteria for Promotion

(17) Candidates for promotion are expected to make a contribution to the University in three (3) broad areas:

- a. teaching;
- b. research; and
- c. engagement and leadership.

(18) The promotion process will take account of the candidate's performance in these areas at the school, college, University, and community level, and will note national and international contributions that may be appropriate to the level of promotion sought.

(19) Candidates will be expected to demonstrate their activities reach the expected level in one of two tracks. While, staff should have completed at least two (2) years of services as per Clause 12 and 14, sustained academic performance, as defined below, is required for promotion and will typically take a longer period:

Track	Performance to be Demonstrated
Sustained excellence across two areas for a period of at least two years.	<ol style="list-style-type: none"><li>1. Academic performance clearly equal to that expected at the academic level sought in two areas of academic endeavour, as outlined in the <a href="#">Foundations for Inspiring People</a> (Academic Staff) Foundations Framework;</li><li>2. Academic performance in the top half of that expected at their current level in the third area of academic endeavour; and</li><li>3. An upward trajectory in overall performance.</li></ol>
Sustained exceptional performance in one area for a period of at least two years.	<ol style="list-style-type: none"><li>1. Academic performance equal to or above that expected of the best staff at the academic level sought, as outlined in the <a href="#">Foundations for Inspiring People</a> (Academic Staff) Foundations Framework; and</li><li>2. An upward trajectory in overall performance.</li></ol>

(20) Candidates will be expected to demonstrate that they meet the promotion criteria based on their activities in their current position at the University, or on their activities in the period since their last promotion at the University.
