

Coursework Scholarships Procedure

Section 1 - Context

(1) This procedure sets out how the University of Newcastle (University) will establish, award, and manage scholarships. This procedure supports the [Coursework Scholarships Policy](#), which should be read in conjunction with this procedure.

Section 2 - Scope

(2) This procedure applies to all University staff and external stakeholders who are involved in the establishment, assessment of applications, shortlisting, selection, awarding, and payment of enabling, undergraduate and postgraduate coursework Scholarships as defined in the [Coursework Scholarships Policy](#), including students who may apply for a Scholarship.

Section 3 - Establishing a New Scholarship

Scholarship Proposal

- (3) A Scholarship Proposal must be completed and submitted to an authorised delegate for approval.
- (4) Details of the established scholarship and the Terms and Conditions will be approved and submitted to Student Central Scholarship Staff at least 10 business days prior to the intended application opening date.
- (5) Where a proposal for a scholarship has been submitted with funds pending receipt, final approval following the receipt of funds must be confirmed with Student Central Scholarship staff at least 4 business days prior to the intended application opening date.

Scholarship Administration Set Up

- (6) On receipt of an approved scholarship proposal, Student Central Scholarship staff will complete the following tasks:
- a. assign a unique scholarship code;
 - b. configure the scholarship in the relevant administration systems, including setting the open and close dates for applications;
 - c. publish the scholarship on the University of Newcastle Scholarship website for the relevant offer year. The web listing must include a summary of the scholarship intent, eligibility criteria for applicants, description of the scholarship benefit, the method of selection, and make the scholarship terms and conditions available to applicants;
 - d. notify the proposer that the scholarship listing has been published.

Reopening Existing Scholarships

- (7) Approval to re-open existing scholarships for a new offer year will be submitted to Student Central Scholarship staff

at least 5 business days prior to the intended application opening date.

Maintenance

(8) Where practical, scholarships will be advertised by 1 August in the year prior to offer.

(9) Discontinued scholarships will not be relisted for the following offer year, unless otherwise advised.

(10) Where no applications are received, or no suitable recipient can be identified, Student Central Scholarships staff will seek agreement from the relevant funding area / donor to re-open the scholarship for application for an additional four weeks. Student Central Scholarships will update the web listing to accept further applications within 2 days of receiving notice that the relevant funding area or Office of Alumni and Philanthropy that the donor agrees to relist the scholarship.

(11) Where possible, scholarships which have not received any eligible applications in an offer year will be highlighted for review as outlined in the [Coursework Scholarships Policy](#).

Section 4 - Selection

General Principles

(12) Selection of scholarship recipients will:

- a. occur in accordance with one of four selection models, as outlined in this procedure;
- b. will be based on the eligibility criteria outlined in the scholarship terms and conditions;
- c. have approval from the Deputy Vice-Chancellor (Academic) for selection panel requirement (Model C below).

(13) Where an equity assessment is required this will be completed by Universities Admissions Centre (UAC) in accordance with their [Equity Scholarships Application Guide](#).

(14) Equity assessments may be considered to determine a specific area of disadvantage (for example, disability) or a combination of overall severity of disadvantage, length of impact, and the number of disadvantages experienced, depending on the scholarship terms and conditions.

(15) Where an application is required, selection of recipients will be completed within six (6) weeks of the application closing date. Where required for selection, the below individual selection processes will be completed:

- a. equity assessments for all applicants will be completed within 10 business days of the application closing date;
- b. shortlisting will be completed within 20 business days of the scholarship closing date and/or completion of the equity assessment if this is required) and provided to the relevant Selection Panel Coordinator.

(16) Selection as a recipient does not guarantee that the scholarship will be awarded. Verification that selected recipients meet all requirements of the scholarship will occur before the offer is notified and again before payment is made.

Selection Model A - Selection without application

(17) Model A can be used when an applicant's eligibility or the scholarship can be established from UAC and/or University records and there is sufficient funding to grant funds to all individuals who meet the criteria (for example, all school leavers entering a specific program with a specified high ATAR rank).

(18) Under Model A, Student Central Scholarships staff will identify recipients based on the approved eligibility criteria

and a review of required UAC and/or University records.

(19) Where practical, the timing of selection under Model A will be as closely aligned with Admissions offers as possible or completed within 10 days of final admissions offer rounds for the relevant intake period.

Selection Model B - Selection based on application with no panel involvement

(20) Model B can be used when the required documents for an application will demonstrate that all eligibility criteria are met, and sufficient funding is available to support all eligible applicants. Model B can also be used where a top ranked candidate can be identified on the basis of academic rank or equity score alone, or for scholarships made available on a 'first-in-first-served' basis. An example is a scholarship for approved semester exchange with an overseas institution, where the application will include a credit agreement and overseas offer to study verified by Student Central Scholarships staff.

(21) Under Model B Student Central Scholarship staff will verify that the documents submitted confirm eligibility for the scholarship.

(22) For Model B, offers will be made within 10 days of the scholarship closing date or on a rolling basis until all funds are allocated, in accordance with the terms and conditions of the scholarship.

Selection Model C - Selection based on application with panel involvement

(23) Under Model C, applications will be received by Student Central Scholarship staff, who will conduct an initial shortlisting of applications. Shortlisting will involve:

- a. excluding any application that does not demonstrate that the eligibility criteria has been met or did not provide required supporting documents;
- b. ranking equity assessments (if relevant to the eligibility criteria) in accordance with this procedure.

(24) Where there is only one eligible applicant for a scholarship and the application is of sufficient standard, the Scholarships Advisor or another authorised delegate may award the scholarship without referral to a Selection Panel after consultation with the area funding the scholarship. In these circumstances Student Central Scholarships staff are required to declare any or no conflict of interest, and any declared conflict of interest must be managed in accordance with the [Conflict of Interest Policy](#).

(25) Within 20 business days of the application close date, Student Central Scholarships staff will provide the Selection Panel Coordinator with the following:

- a. a summary of shortlisted applications that have met eligibility criteria. The selection summary must be returned to Student Central Scholarship staff at the conclusion of the selection panel's deliberations;
- b. a copy of each application and the submitted documentation that is relevant to the selection process;
- c. a copy of the scholarship terms and conditions document.

(26) Documents relating to scholarship selection will be provided to the Selection Panel Coordinator.

(27) The Selection Panel Coordinator will arrange for the panel to convene, schedule interviews where required, and confirm details of the selected recipients and reserve candidates to Student Central Scholarship staff within 15 business days of receipt of the summary of shortlisted applications.

(28) The Selection Panel Coordinator will ensure that all panel members are aware of their responsibilities outlined in the [Coursework Scholarships Policy](#) and this procedure.

Selection Model D - Selection by third party nomination

(29) Where expressly noted in the approved proposal to establish a scholarship, recipients may be selected by a party external to the University.

(30) Establishment of a Scholarship using this selection model must be approved by the Vice-Chancellor, for example the Vice-Chancellor's Award for Academic Excellence in Year 12.

(31) Where a third party is presenting the scholarship, Student Central Scholarship staff will post the offer letter and certificate within 14 days of receipt of the nomination.

Selection Panel Membership

(32) Selection Panel membership will:

- a. be nominated by the Deputy Vice-Chancellor (Academic), College Pro Vice-Chancellors, Division Pro Vice-Chancellors, or their nominees;
- b. include nomination of a member to be the Selection Panel Coordinator;
- c. consist of at least three members of any academic or professional level from a relevant College / Division;
- d. include an external donor or representative only where this has been specifically requested by the donor and each individual scholarship has a value of \$15,000 or more per annum with approval from the Deputy Vice-Chancellor (Academic);
- e. in instances where an external donor is a selection panel member, there must be a minimum of two University staff members on the panel.

Selection Panel Requirements

(33) Selection Panel members must declare any Conflict of Interest, including nil conflict, prior to participating in any decision with regard to selection. Conflict of interest will be dealt with in accordance with the University's [Conflict of Interest policy](#).

(34) Selection panels must:

- a. achieve a majority decision with regard to selection; or
- b. escalate the selection to the Deputy Vice-Chancellor (Academic) outlining reasons in instances where a majority decision cannot be reached;
- c. record the decision making process and make this available to Student Central Scholarship staff for purposes of maintaining records;

(35) Selection panel coordinators are responsible for ensuring external panel members are aware of responsibilities and obligations as per the [Coursework Scholarships Policy](#).

(38) After checking the selected recipient's eligibility, Student Central Scholarship staff will update relevant student records and issue an offer of the scholarship in writing.

(44) For donor funded scholarships, and where noted in the Terms and Conditions, recipients will submit a thank you letter to the donor.

(45) Scholarships that are not accepted within the timeframe specified within this procedure may be offered to reserve candidates, following verification of eligibility.

Section 6 - Monitoring of Ongoing Eligibility

(47) Monitoring of ongoing eligibility will be conducted against the terms and conditions in place at the time of scholarship offer.

Leave of Absence

(48) Scholarship terms and conditions may support a period of leave for up to 12 months if the recipient is taking a leave of absence.

(49) Verification that the recipient continues to meet all relevant eligibility criteria on return to study will occur prior to

reinstating the scholarship.

(50) Where the recipient requires leave of absence and the scholarship terms and conditions have no provision for periods of leave, the recipient will forfeit the scholarship.

(51) Where it is determined that the recipient of an ongoing scholarship has not met the terms and conditions in place at the time of offer, Student Central Scholarships staff may terminate the scholarship and cease payment requests for this scholarship, subject to approval by an authorised delegate.

(52) The delegate may continue a scholarship in cases where conditions have not been met if:
