    b. Admission to a pathway within a program with a reduced volume of learning.

(9) The granting of credit or the recognition of prior learning must:

    a. be evidence-based, equitable, and transparent;

    b. be applied consistently and fairly;

    c. recognise learning where the learning is relevant and in line with the Program Based Credit Limit and Currency;

    d. take into account the student's ability to successfully meet the learning outcomes of the qualification;

    e. be determined in a timely manner so that student progress and enrolment is not hindered;

    f. allow for credit outcomes to be used to meet prerequisites or other specified requirements for entry into a program of study that leads to a qualification, or for the partial fulfillment of the requirements of a qualification;

    g. be formally documented for the student, including any reasons for not granting credit; and

    h. demonstrate that the experience is relevant and current to the industry, where recognition of prior learning is sought for a Career-Ready Placement course.

(16) Amendments to the Program Based Credit Limits and Currency must be submitted and approved as a major program revision in accordance with the Program Design and Management Manual.

a. determine that the previous knowledge and skills of an applicant is current;

b. make their determination in line with the Program Based Credit Limits and Currency;

c. be satisfied that the granting of credit or recognition of prior learning will not disadvantage the student, and that the student's ability to achieve the program learning outcomes will not be impacted;

d. ensure that the integrity of the program and qualification are maintained;

e. be satisfied that the prior learning demonstrates that the course learning outcomes for the course(s) for which credit is being sought have been met;

f. in the case of credit for formal learning, be satisfied that the prior learning assessment approaches, volume of learning, and program of study are comparable or equivalent to the relevant course(s) for which credit is being sought;

g. consider any accreditation requirements that may limit or prevent credit being granted;

h. ensure maximum credit for prior learning is in line with the maximum credit listed in the relevant Awards and Program Schedules to the Awards and Graduation Policy. Individual exceptions may apply, and these will be listed in the appendix to the relevant Award and Programs Schedule or within the relevant approved program Schedule.

(18) Decisions relating to the outcome of an application for credit or recognition of prior learning must be made in accordance with the Recognition of Formal Learning Procedure and Recognition of Informal and Non-Formal Learning Procedure.

(21) Further evidence may be requested from the student to enable a final determination (refer to the Application and Supporting Documentation sections of the Recognition of Formal Learning Procedure and the Recognition of Informal and Non-formal Learning Procedure).

(23) Specified credit may be granted:

   a. on the basis of successful completion of a specific course or courses where the learning outcomes are equivalent and there is substantial overlap of content; or
   b. where the student provides evidence of relevant informal learning or non-formal learning that demonstrates that the student meets the learning outcomes.

(24) Where specified or unspecified credit is granted, this decision may be used as a precedent to grant credit in equivalent circumstances. Unspecified Credit

(25) Unspecified credit may be granted:

Arrangements

Principles

(34) The relevant Chair of College Board or Chair of Pathways and Academic Learning Support Centre Board may approve articulation arrangements with recognised overseas tertiary institutions, registered private providers of accredited tertiary education courses, and Australian registered providers in the Vocational Education and Training (VET) sector, in accordance with delegations of authority (see Delegations Register).

Revision and Expiry

(36) Articulation arrangements are reviewed on expiry and must be renegotiated by the relevant College when a program undergoes a major or minor program revision, or in response to the outcomes of an external program review.

(37) Agreements with:

   a. Australian providers expire after seven years;
   b. international providers, memoranda of understanding, letters of credit and pathway arrangements are valid until the agreement expires. The duration of individual arrangements may vary.

Reporting

(38) The College Pro Vice-Chancellor or Director, Pathways and Academic Learning Support Centre will report to Academic Senate via College Board/Pathways and Academic Learning Support Centre Board on program articulation arrangements within their College.

(39) The progression of students admitted with credit or on an articulation arrangement will be monitored to compare their performance against students admitted without credit, and will be reported annually to the Academic Senate by the College Board or Pathways and Academic Learning Support Centre Board.

(40) The College Board or Pathways and Academic Learning Support Centre Board will provide an annual report to the Academic Senate of all active articulation arrangements.

   d. gives due consideration to the principles of procedural fairness.
