

# Special Studies Program Procedure

## Section 1 - Introduction

(1) This procedure supports the [Special Studies Program Policy](#) and must be read in conjunction with the Policy.

## Section 2 - Definitions

(2) In the context of this document, the following definition applies:

Term	Definition
Academic staff	Means individuals appointed to an academic position in accordance with the University of Newcastle Academic Staff and Teachers Enterprise Agreement. This definition specifically excludes honorary or conjoint title holders.

## Section 3 - Program Implementation

### Institutional Priorities

(3) Institutional priorities for SSP are approved by the Deputy Vice-Chancellor (Academic) and Vice President and listed on the [SSP application form](#).

### Budget/Staff Allocation Requirements

(4) The central SSP budget supports SSP related allowances as defined in Section 10. It is set at an institutional-wide level with the aim of ensuring there is an equitable process for funding SSP across Colleges.

(5) Costs associated with time release and teaching that arise from a staff member's SSP are borne by the local area and must be accounted for in the annual planning cycle.

(6) Allocation processes for SSP are set by this procedure and by any directives of the Chief People and Culture Officer not inconsistent with this procedure or the Policy.

### General Principles of the SSP

(7) SSP will generally be for a maximum period of 6 months, with a continuous period of two months or more away from home. However, the offer of a period of SSP will be flexible to allow for the needs to the applicant and the University, and shall take into account any reasonable requests for flexibility including matters such as:-

- a. SSP of less than two months overseas may be considered with the approval of the Pro Vice-Chancellor;
- b. Staff involved in teaching on a trimester basis will not be disadvantaged.

(8) Where forms are set and published for application, determination of and appeal of decisions for SSP, then such forms are the prescribed forms, and provided they are not inconsistent with this procedure, must be used to administer the SSP.

(9) The use of SSP for support for the completion of a PhD will be limited to a single SSP period and this should typically be towards the end of the staff member's candidature unless otherwise agreed, and be accompanied by a statement of support from the applicant's principal supervisor for their PhD studies.

(10) Normally, the location of the SSP will be outside the University of Newcastle. In exceptional circumstances, and with the approval of the Pro Vice-Chancellor, some or all of the SSP may be taken at the University of Newcastle.

(11) In the following circumstances, arrangements other than SSP are more appropriate:

- a. Where a staff member is to participate in a conference or meeting or to undertake academic or community service (e.g. as an examiner, adviser or consultant).
- b. Where a staff member is seeking time to write up work, develop new coursework, pursue degree study, creative work or research that might reasonably be considered within a normal work allocation. A Head of School may rearrange a staff member's duties to allow adequate uninterrupted time to engage in these activities.
- c. Where the staff member is to work for an institution or organization which they visit for a significant period of time and for which salary and/or reimbursement of costs are available. In these circumstances leave without pay for part or all of the period may be appropriate. Alternatively, secondment arrangements may be possible.
- d. Where it can be arranged between individuals or Schools and all affected parties agree, staff exchanges are possible. In this case each individual remains on his or her home institution's payroll while fulfilling a full range of duties and responsibilities for, and defined by, the host institution.

## Section 4 - Application

### Eligibility

(12) All full-time or part-time academic staff with continuing appointments or with fixed-term appointments exceeding three years will be eligible to apply for SSP following three calendar years of academic service at time of commencement of SSP.

(13) Staff are expected to have contributed a minimum of 20% of their time to education and 10% of their time to leadership and engagement over the last three calendar years.

(14) Full-time or part-time academic staff with consecutive fixed term appointments of three years or less will become eligible to apply for SSP when they have completed three years continuous service and are reappointed to an academic position without a break in service at this University.

(15) Full-time or part-time academic staff with continuing appointments or fixed term contracts must have completed probation before commencing SSP.

(16) Staff appointed to senior management positions (e.g. Head of School, Pro Vice-Chancellor, or President Academic Senate) will not normally be permitted to be absent on SSP during the period of their appointment. However, in recognition of the need for such a person to regain currency in their academic discipline/profession, a period of SSP may be granted following such appointments with the approval of the Vice-Chancellor.

### Accrual

(17) Eligibility for SSP will accrue for full-time staff at the rate of six months for three years of academic service.

(18) Eligibility for SSP will accrue for part-time staff on a pro-rata basis.

(19) Under special circumstances and with the approval of the Deputy Vice-Chancellor (Academic) and Vice President, SSP eligibility can accrue up to a maximum of twelve months for six years service.

(20) SSP eligibility does not accrue during a period of absence on either SSP or Leave Without Pay.

(21) Where a staff member has held an appointment in another Australian higher education institution, or a comparable international institution, immediately prior to taking up appointment at the University of Newcastle, some credit for eligibility may be granted subject to the following provisions:-

- a. no more than two months has elapsed between the cessation of employment with the releasing institution and commencement of work at this University;
- b. the category of previous employment was one for which the staff member would be eligible for SSP at this University;
- c. the staff member has completed their probation and served continuously for a period of three years at this University; and
- d. the maximum SSP eligibility awarded in recognition of eligible prior service is six months.

(22) Generally, staff will serve continuously for at least three years after a period of SSP is taken before becoming eligible to apply for a further period.

(23) When a period of SSP has been taken, eligibility for future SSP will begin to accrue from the date on which the staff member returns to normal duties.

## **Timetable**

(24) Applications for SSP are called for in the first half of the year for SSP to be taken in the following year.

## **Lodgement**

(25) Eligible staff seeking approval to undertake SSP must apply by completing the [Special Studies Program Application Form](#).

(26) Staff must forward their [SSP Application Form](#) to the Head of School prior to the closing date.

(27) The applicant's Head of School must indicate their support or otherwise for all SSP applications in their school and provide a prioritised list of all applications submitted to the Pro Vice-Chancellor and College SSP Committee.

(28) The Head of School must advise the applicant of their support or otherwise for the application providing reasons in the case where support is not given.

## **Late Applications**

(29) Late applications may be lodged only in exceptional circumstances and with the written approval of the relevant Pro Vice-Chancellor.

# **Section 5 - Allocation**

## **College SSP Committee**

(30) The College SSP Committee will normally consist of the Pro Vice-Chancellor, the Heads of School within the College, and at least one other academic staff member of the College.

(31) The College SSP Committee will be chaired by the Pro Vice-Chancellor.

(32) The College SSP Committee composition must meet the University's policy on [gender inclusive membership of University committees](#).

## Criteria for Approval

(33) An application can only be approved if it would result in significant benefit to the staff member's teaching, research and/or other scholarly activities beyond that which would occur in the course of the staff member's normal University activities.

(34) The College SSP Committee must be satisfied that the following criteria have been met:

- a. The staff member is research active or there is a valid reason to exempt the staff member from this requirement.
- b. The staff member has participated in the Academic Planning and Performance Process and the proposed SSP activities are consistent with outcomes of the process.
- c. The proposed SSP activities are academically sound and essentially concerned with research, teaching, the advancement of a higher degree, and/or other relevant scholarly activities.
- d. The location(s) for the SSP is/are well suited to the proposed activities and the period requested is appropriate.
- e. The proposed program will enhance the contribution of the staff member to scholarly teaching and/or research with significant benefit to the School, College and the University.
- f. The proposed program is aligned with the institutional priorities specified for SSP.
- g. The staff member has the capacity to make effective use of the opportunity, having either a proven and sustained record of productivity in research, teaching and/or scholarship or having considerable potential for such achievement.
- h. The staff member has the support of the Head of School and the SSP is consistent with the School and College's needs and plans.
- i. The staff member has successfully completed any similar activities previously undertaken, including submission of reports.
- j. Satisfactory arrangements have been made with regard to the staff member's teaching, the supervision of postgraduate students (including the appointment of an alternative supervisor) and other administrative duties.
- k. Consideration has been given to the health, safety and wellbeing of a staff member in geographical areas identified as posing potential danger or high risk. Travel to restricted areas will be governed by the University's Policy on travel and by the travel advisories of the [Department of Foreign Affairs and Trade](#) (DFAT) and [International SOS](#) (ISOS).

## Exceptions

(35) Dependent upon the level of funding available in a College and/or the College's ability to sustain the absence of all eligible applicants, some applications that have met the criteria may not be able to be approved. However, schools with small or emerging disciplines should ensure there is equity of access for all staff in terms of SSP participation and should make appropriate plans to allow eligible staff to participate in the SSP.

(36) In cases where a College SSP Committee cannot recommend approval of all applications that have met the above criteria, applications should be considered on their merit and priority given to proposals based on their alignment with institutional priorities.

(37) Where an application is not approved the Head of School should inform the applicant in person and provide the applicant with an opportunity to discuss how to improve the application in the future, including any appropriate recommendations as to the timing of future application.

## Variation to an Approved Program

(38) A request for variation to a SSP must be made in the SSP Variation form provided, be recommended by the Head of School, and submitted to the SSP Officer. This also includes any changes to SSP travel plans.

(39) SSP may be deferred to the following calendar year with the approval of Head of School and Pro Vice-Chancellor. Any further deferrals require a re-submission of the SSP application for consideration.

(40) The relevant Pro Vice-Chancellor will consider any request for variation to SSP and either approve or reject the request.

(41) A variation to an approved SSP will only be permitted if formally approved.

(42) Employees should note that variations to an approved SSP may result in the need to repay funds to the University.

## **Section 6 - Conditions**

(44) Staff must notify the SSP Officer of periods of leave taken while on SSP.
